

## Login >

< Login by scanning your membership card, which contains your data.

## Your profile

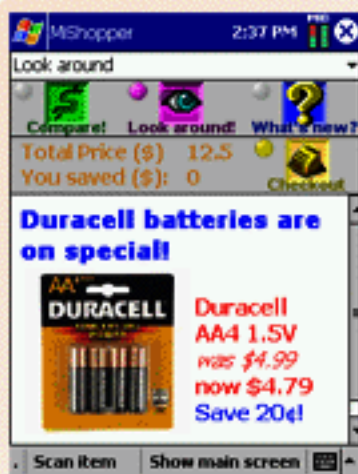

< MiShopper gets your profile and saved coupons. You can shop or take a look at specials

## Shopping List

< Retrieve/manage the shopping list you have in MiHome which is accurate up-to-the-minute.

## Look around

< Look around you for sale items. By scanning a magazine, MiShopper indicates that the batteries in the same aisle are on sale.

## Scan items

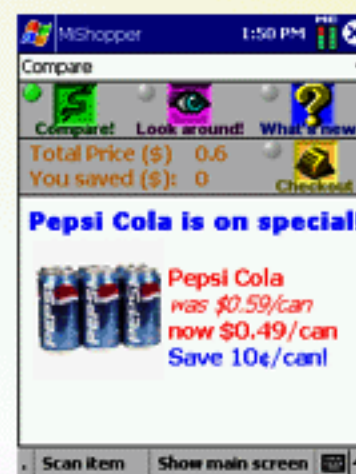

< Get informative descriptions of products & add them to your cart.

MiShopper > locates items in the grocery store.

## Locate Items

## Comparison shop

< Compare prices with other similar products.

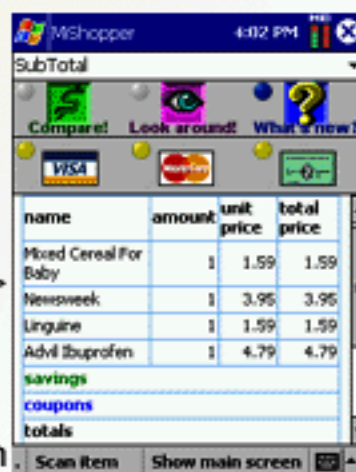

## See what's new

< Get promotions for new products and receive store-wide announcements

> Skip checkout lines. Pay online with your credit card. Receive your receipt as an email.

## Self-checkout

## E-coupons

< Get electronic coupons. MiShopper manages coupons by keeping them in a database and using them automatically at checkout time.
